

# Annex 1 International Students Enrolment Policy

## English Language Proficiency Test Scores

The School's preference is that an AEAS test be completed prior to the offer of a place but an IELTS test result is also accepted for admission.

The following scores are required for enrolment

### AEAS Scores

- 60 for direct entry to the School for Year 10
- 40 for entry to Years 10 and 11 after completion of an ELICOS course of about 20 weeks

Although these are the minimum scores that the School will consider other assessments in the AEAS test (such as the Maths Reasoning, Non-Verbal Reasoning and the essay) as well as the school reports.

### IELTS Scores

- 5.5 average for direct entry to Year 10
- 5.0 average for entry to Year 10 and 11 after completion of an ELICOS course of approximately 20 weeks

## Waiver Provision

Students from PR China may access the test waiver provisions provided they attend ELICOS program prior to entry and their school reports are satisfactory.
